11:15		
11:30	<p>Critical limb ischemia</p> <p>11.30-11.50 CLI today! (Prof. Norgren, L., Örebro)</p> <p>11.50-12.10 Clinical trials with gene or cell therapy in CLI (Prof. Nikol, S., Hamburg)</p> <p>12.10-12.30: Phase III trial with placental PLX-PAD cells in patients with Rutherford % CLI unsuitable for revascularization (Prof. Nikol, S., Hamburg)</p>	<p>Response Adapted Combination Therapy - How do I treat SFA lesions?</p> <p>Chairpersons: Univ.Prof. Dr. Minar, E., Wien; OA Dr. Haumer, M., Mödling</p> <p>1. Clinical evidence of SFA stenting - Do we still need Stents? (Dr. Lichtenberg, M., Arnsberg)</p> <p>2. Clinical evidence of SFA treatment with Drug Coated Balloons - Is less really more? (Doz. Hafner, F., Graz)</p> <p>3. DCB plus Stent: Combination therapy - A concept of the future! (Doz. Werner, M., Wien)</p>
11:45		
12:00		
12:15		

12:30	<p>Arterial ageing endorsed by the Slovenian Society of Vascular Diseases</p> <p>Chairpersons: Prof. Šabovič, M., Ljubljana and Prof. Signorelli, S., Catania</p> <p>12:30-12:45 The role of endothelial function in arterial ageing (Turk, M., Ljubljana)</p> <p>12:45-13:00 The role of arterial wall stiffness in arterial ageing (Lunder, M., Ljubljana)</p> <p>13:00-13:15 The role of telomere and telomerase in arterial ageing (Dr. Janic, M., Ljubljana)</p> <p>13:15-13:30 Arterial ageing - possible therapeutic approaches (Prof. Sabovic, M., Ljubljana)</p>	<p>Aneurysmal Disease of the Aorta" From Screening to simulation endorsed by the Irish Society of Vascular Medicine and The Serbian Society of Vascular Medicine</p> <p>Chairpersons: Dr. Colgan, M.P., Dublin and Dr Vasic, S. Belgrade</p> <p>12:30-12:40 Screening passport for aortic aneurysm (Dr. Fitzgerald, P. Dublin)</p> <p>12:40-12:50 Best medical treatment of AAA: till when? (Dr. Markovic, M., Belgrade)</p> <p>12:50-13:20 Adventitial cortisone injection to inhibit the restenosis process in the treatment of PAVK (Prof. Lichtenberg, M., Arnsberg)</p> <p>13:20-13:30 Is there still place for open surgery for AAA (Dr. Markovic, M., Belgrade)</p>
12:45		
13:00		
13:15	<p>Various issues about exercise in PAD</p> <p>Chairpersons: Abraham, P., Angers and Manfredini, F., Ferrara</p> <p>13:30-13:40 Exercise as a diagnostic tool (Abraham, P., Angers)</p> <p>13:40-13:50 Exercise as a treatment (Dr. Sprynger, M., Liège)</p> <p>13:50-14:00 European insurances covering of PAD treatment by exercise (Dr. Martini, R., Padova)</p>	<p>13:30-13:40 Treatment of thoracic aortic disease - to be approached (Dr. Martin, Z. Dublin)</p> <p>13:40-13:50 More complex AAA more complex endovascular treatment: chimney, fenestrated, branched grafts (Dr. Rancic, Z. Zurich)</p> <p>13:50-14:00 Discussion</p>
13:30		
13:45	<p>Asymptomatic carotid stenosis endorsed by MLAVS, ESVM and SIAPAV</p> <p>Chairpersons: Prof. Angelides, N., Lefkosia MLAVS and ESVM and Prof. Novo, S., Palermo</p> <p>14:00-14:10 Comparison of carotide plaque structure using PET/CT with histologic findings (Prof. Poredos, P. Ljubljana)</p> <p>14:10-14:20 Asymptomatic coronary atherosclerosis as predictor of coronary events (Prof. Novo, S., Palermo)</p> <p>14:20-14:30 Asymptomatic carotid stenosis and peripheral artery disease (Prof. Amato, C., Palermo)</p> <p>14:30-14:40 Should we screen PAD patients for asymptomatic carotid stenosis. Insights from the EvArt study (Prof. Carpentier, P., Grenoble)</p> <p>14:40-14:50 Is the transcranial evaluation useful in patients with carotid artery stenosis? (Prof. Antignani, P.L., Roma)</p> <p>14:50-15:00 Optimization of medical treatment for asymptomatic carotid artery stenosis (Prof. Nicos Angelides, Lefkosia)</p>	<p>Unresolved Issues in Venous Thrombosis endorsed by the French Society of Vascular Medicine</p> <p>Chairpersons: Prof. Pernod, G., Grenoble and Dr. Di Micco, P., Naples</p> <p>14.00-14.10 Introduction and presentation (Prof. Quéré, I., Montpellier)</p> <p>14.10-14.20 How to diagnose deep venous thrombosis recurrence ? (Dr. Elias, A., Toulon)</p> <p>14.20-14.30 Unanswered questions with superficial venous thrombosis (Prof. Sevestre, M., Amiens)</p> <p>14.30-14.40 How to treat distal vein thrombosis ? (Prof. Bura-Rivière, A., Toulouse)</p> <p>14.40-14.50 How to deal with post thrombotic syndrome? (Prof. Zully, S. Nancy)</p> <p>14.50-15.00 Take Home messages and final discussion. (Dr. Jurus, C., Villeurbanne)</p>
